Hand Painted Needlepoint

Spring 2018

Welcome to Doolittle Stitchery!

Doolittle Stitchery was born out of a love for needlepoint instilled in artist Elizabeth Nagle at a young age. Elizabeth has been hand painting and custom designing needlepoint for over 30 years.

Elizabeth's first job, as a teenager, was working as a production painter while living in London, England. Moving back to the US to attend college, she came away with a skill and a passion that has stayed with her ever since. While studying fine art at the San Francisco Art Institute painting canvases paid the rent and later it afforded her the ability to work from home while raising her children. She has been trained by and designed for some of the best in the business, including Dede Ogden, Erica Wilson and the Silver Needle.

A recent move to a beautiful town in Southern Vermont, where the mountains loom large, inspired her first wholesale line, ***Ski Destinations***, canvases.

Doolittle Stitchery is dedicated to creating a unique line of needlepoint canvases to inspire stitchers of all ages and abilities. Doolittle Stitchery designs are sold by fine needlepoint retail shops throughout the U.S.
